

Play For Kate

Play For Kate is a 501c3 Foundation. Money donated or raised by PFK will be used to promote ATV safety and education, community youth programs, scholarships, and/or any program the PFK Board deems necessary to support our mission.

Play For Kate has:

- ◆ Built a playground in Boonville, IN at the BJLBS complex,
- ◆ Given away several scholarships to graduating seniors
- ◆ Purchased Safety Sam
- ◆ Donated helmets and other ATV/PFK items to various organizations
- ◆ Been a driving force behind HEA 1200, which is a bill written to mandate children 17 and under wear helmets while riding ATVs on public or private land.
- ◆ PFK is also in the process of raising fund to build a buddy ball field for special needs children in Warrick County.

Support for Play For Kate

To support Play For Kate, you can make a donation at any People's Bank in Warrick County or mail donations made payable to Play For Kate to the address below, or visit and support any Play For Kate event.

Also check out the Play For Kate website at www.playforkate.com to see our available spirit wear or upcoming events.

What is Safety Sam?

Safety Sam is the first ATV safety robot. We welcomed him to IN in March of 2017. Safety Sam is the size of a 9 year old child, dressed in full ATV safety gear (helmet, gloves, pants, long sleeve shirt, goggles, boots, etc.). Safety Sam is an interactive, engaging robot that is used to educate kids, families, and communities about ATV safety. The ATV lights up, Safety Sam has LED lights, moves his head, can speak to his audiences, and he can answer questions from the audience.

The main purpose of Safety Sam, is to integrate technology into ATV safety, to make it engaging, interactive, and fun for kids. Safety Sam is life size and is a remote control. He can be used at schools, health fairs, 4H Events, Ag Days, county fairs and various other community events.

The IN Conservation Officers and Play for Kate partnered to create Safety Sam and make him available to our community.

How Can We Reserve Safety Sam?

To reserve Safety Sam you can email the following people/agencies:

- Play For Kate-playforkate@gmail.com
- Department of Natural Resources-jhaywod@dnr.IN.gov, wbrowne@dnr.IN.gov, or denglert@dnr.IN.gov

Or call: 1-812-789-9538 (DNR) or 812-202-0154 (PFK)

ATV Safety Information

Helmets save lives. Helmets protect the brain from traumatic injuries. Proper equipment is essential to the safety of ATV riders. #helmetssavelives

ATV Safety Coalition

The mission of the coalition is to provide safety education and injury prevention as it relates to ATVs, thereby decreasing the incidence of injuries and fatalities and increasing the awareness of ATV safety guidelines.

Our Goals

By forming a Coalition, we hope to:

- Influence public policy regarding ATV safety
- Build a healthy community by reducing the number of ATV injuries and fatalities
- Provide ATV safety education to all interested parties

This is where YOU come in! We are now seeking other community partners and committed individuals who are interested in being advocates for ATV safety.
